

DRUG- AND ALCOHOL POLICY

Background

The Flight Chapter is part of THS and thus must follow all rules and policies provided by THS. During the events held by the Flight Chapter all rules and policies apply for all participants.

The Flight Chapter considers it important that the organisation as a whole has a healthy approach to alcohol and that there is a zero tolerance for all sorts of narcotics.

Fundamental principles

- All event participants are responsible for their own actions.
- Applicable Swedish laws and regulations, as well as rules set by THS and KTH must always be followed.
- As a participant in events, the bar staff's decisions must always be followed. If someone says no, everyone says no.

Alcohol

- At events and pubs, alcohol should be a voluntary choice.
- Every individual must be respected and no type of constraint or violation of personal integrity may occur.
- If you are refused to buy alcohol, this must be accepted.
- You may not buy alcohol for someone who has been denied by the bar staff.

Drugs

- The Flight Chapter distances itself from all drug-classified preparations and drugs used for intoxicating purposes.
- If any of the above occurs at any of the Flight Chapter's events or in our chapter hall, it will be reported to the police.
 - The person in question might also be suspended from the chapter.
 - Otherwise, a timed bar stop could be handed out.
